

# Guitar Team

## About

The guitar department is a friendly, supportive group of practitioners who teach county wide travelling between various locations. Our guitar has a diverse range of specialisms from classical to thrash metal with all points in between. CPD sessions are often an opportunity for us to learn from each other's specialist knowledge and insight.

The guitar teachers range from very experienced with decades of service to new entrants to the profession. We all work together to ensure that our students get the best possible guitaristic education. Our teaching portfolio is varied. We deliver lessons in primary and secondary schools as well as our evening music centres.

Lessons may be group or individual. Guitar ensembles are also being offered at most of our music centres giving young guitarists the opportunity to play together. Our contemporary music programme, Soundstage, gives young musicians the chance to have supervised rehearsals every week leading to regular gigs at notable local venues.

When we perform as staff groups to give concerts in schools, we divide our guitar team into two separate groups: Soundstage Band delivers authentic Rock and Pop gigs whilst The Fantastic Frets performs as a classical guitar ensemble.

Come and experience music education the Berkshire Music way!
